ESSENTIAL EMERGENCY SERVICES

Healey Fire Protection offers the following information regarding essential emergency services we may need to provide for customer's life safety fire alarm and fire suppression systems amid the COVID-19 outbreak and any shelter in place orders.

Healey Fire Protection has a highly trained technical support team available 24 hours / 7 days a week / 365 days a year for response to all our customer's emergency service needs. Our team is one of the most experienced groups in the country and fulfilling this role for 58 years.

Our field technicians are trained in a large variety of fire system components and have obtained certifications with the National Institute for the Certification of Engineering Technicians (NICET), State of Michigan Fire Alarm Systems Technicians (FAST), are certified for Commercial Driving for Hazardous Substances (CDL), hold Federal Explosives License/Permits through the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Largest inventory and U.L. extinguishant recharge available – We maintain an in-stock supply and have recharge capabilities for FM-200, CO-2, Novec 1230, Halon 1301, FE-25, and foam. We maintain an Underwriters Laboratories listing as a FM-200 first-fill facility and we have an in-house U.L. recharge station.

Our technicians have been advised to use good hygiene practices to prevent the spread of COVID-19 and other respiratory diseases.

- Stay home if you are sick and advise others to do the same.
- Always cover coughs or sneezes with a tissue or sleeve.
- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose and mouth with unwashed hands.
- Wash your hands often with soap and warm water for at least 20 seconds. Use an alcohol-based hand sanitizer with at least 60% alcohol if soap and warm water are not available.
- Clean and disinfect frequently touched objects and surfaces.
